

Alfalfa Based Hay & Pasture Mix

- ◆ Components are present in the proper ratios to provide optimum pasture
- ◆ Premium quality components selected for regional adaptation and performance
- ◆ Maximum production per acre
- ◆ Produces high-quality, balanced hay
- ◆ Good general pasture mixture

Alfalfa Based Hay & Pasture Mixture was created to meet the needs of producers who want to optimize animal performance and maximize per acre return. It's also a good choice for hay producers who want a high-quality, balanced hay.

To meet these needs, we start with only the highest quality ingredients. These species are carefully chosen for their regional adaptability and combined in the proper ratios to assure maximum pasture production.

This premium mixture, along with good management practices, will provide you with the best opportunity to optimize the return on your management investment.

Seeding Rate for Mixture: 18-20 lbs. Per Acre
